[Well Integrity Chronology.docx](#)  
[Pit cleanup comparison.xlsx](#)

Sorry it's taken me awhile to get this info to you- I was hoping to include actual copies of Greg's emails to WOGCC, but he has been out, so I'll have to send those along later. Attached here, though, are a couple of chronologies that were put together to document the communication and concerns on this issue, as well as the proposal we submitted to Gary in June 2011 and our comments on Encana's proposed approach- hopefully those will help with the follow-up from our conversation last week.

And here, as promised, is the spreadsheet Rob put together to compare pit clean-up levels from different programs and states:

Look forward to talking with you soon.
